

Half Ton Class Europe

The Half Ton Class Europe is the association created for owners of half-tonners, fine sailing yachts with character for people with character.

A banner on the homepage of www.halftonclass-europe.net will immediately catch the visitor's attention. And visitors there are... over 10.000 visits were recorded in the months preceding the Half Ton Cup in August 2003. After the Cup we were surprised to see some 2.000 more visits, undoubtedly generated by the high-quality pictures of the event that now enjoy a second life as screensaver on many computers...

Our public is characterized by its variation: people from all ages (7-77, and maybe older...) all professions (students, office clerks, lawyers, architects, entrepreneurs, IT-freaks, ...) and all European nationalities. They all have one thing in common: they share the same passion of sailing half tonners.

The future looks bright: with the constitution of the owners association we made sure that the story of the Half Ton Classics Cup will continue to be written. The class itself, revitalized by the 2003 Half Ton Cup, will be at the center of attention of some major regattas in Belgium, England, Finland & France:

several Open Championships in 2004:

- BEL – Breskens (AUG 2004)
- FIN – Helsinki (AUG 2004)
- FRA – Lorient

introduction of 'special classes' & mini-series incorporated in existing sailing events:

- Port of Felixtowe Regatta (GBR - MAY 2004)
- Antwerp Race (BEL - OCT 2004)

All coordination, news, notices & results obtained by half tonners will be centralized on this website. The website also features a forum and a vast European half tonner database.

Via a system of rotating banners all our supporting companies will benefit from an increased visibility on the class' website.

Technical requirements:

- all materials have to be supplied by e-mail to our webmaster
- if you don't have a banner 'ready-for-publication', we'll make one for you.

We offer a 6-month banner for just 100€, and only 150€ for a one year presence.
Consider it. Lots of value for little money.

Interested? Intrigued? Let us know!
